265, 268 and 328 Snow Blower
526 and 526A Rotary Garden Tiller
35P, 59P and 79C Shredder Grinder

For do it yourself engine servicing, teardowns, repairs, overhauls, adjustments, and complete specifications. The pages are very clear and clean, pictures are great with detail, alot of detailed repair information in this vintage technical engine manual.

This is just like the original 98 page factory paper manual made for this International Harvester IH and IH Cadet equipment; the only difference is this one is not paper, and doesnt need to be shipped. You get it right away! Like the paper manual, it has many sections that are neatly organized in Adobe Acrobat, very clean, sharp images that are scalable to several times normal size.

There are tons of illustrations, specifications, pictures, step-by-step instructions, special tool info etc. Zoom it, print it, save it, close it. Print a few pages at a time, as you need; no need to lug that bulky binder around anymore! No need to worry about stained, torn or missing pages.

There are 4 main sections; each section is indexed and bookmarked for fast & easy navigation. Each section covers a different area of the engine.

+++ See the preview file (upper left of this web page) for complete section index contents +++

Once you buy the manual, you will get a link in your email, then just go view it, print it, and save it for use later on. No wasted time waiting for a paper book in the mail! All sections are indexed for fast and easy navigation. Viewed in popular Adobe PDF format, which most computers have

already. To download the free viewer, go to www.adobe.com/reader

About Cub Cadet

Cub Cadet is a premium line of outdoor power equipment, established in 1961 as part of International Harvester company.

During the 1960s IH initiated an entirely new line of lawn and garden equipment aimed at the owners of increasingly popular rural homes with large yards and private gardens. There were a wide variety of Cub Cadet branded and aftermarket attachments available at this time; including mowers, blades, snow blowers, front loaders, plows, carts, etc.

Cub Cadet advertising at that time focused on their thorough testing by boys - acknowledged by many as the worlds worst destructive force! Cub Cadet tractors and mowers became known for their dependability and rugged construction. A cult-like following has emerged around current and former Cub Cadet tractors, similar to the following enjoyed by Macintosh computers.

MTD Products, Inc., of Cleveland, Ohio, purchased the Cub Cadet brand from International Harvester in 1981. Cub Cadet was held as a wholly owned subsidiary for many years following this acquisition, which allowed them to operate independently. Recently, MTD has taken a more aggressive role and integrated Cub Cadet into its other lines of power equipment which now include MTD, YardMachines, YardMan, White Outdoor, Bolens, and Troy-Bilt.

About MTD

MTD - Modern Tool and Die, was founded in 1932 and is currently headquartered in Cleveland, Ohio. MTD started as a tool and die supplier to the local manufacturing community. Through hard work, dedication, integrity and an emphasis on customer service, MTD quickly gained a reputation as a high quality tool and die supplier, and this reputation helped the company make the natural expansion into steel stampings.

The company first became involved with consumer products by supplying stampings to the toy industry, but this expanded quickly to include complete entire products such as tricycles. Wheelbarrows were added to the consumer product line in the early 1950s, and this simple product line had profound effects.

Satisfied customers encouraged MTD to expand the product offerings for the yard, and in 1958 the company produced its first power lawnmowers, starting a large ripple in the business of outdoor power equipment.

Today, MTD is a leading global manufacturer of outdoor power equipment, producing equipment for both residential and commercial markets. These products include walk behind lawn mowers, riding lawnmowers, zero turn mowers, lawn tractors, garden tractors, the yard bug, and more. MTDs engineering expertise and state of the art facilities have led to them being known for innovative and award winning products. Throughout the years, MTD has earned a reputation around the world for excellence in quality and service.

In 1981 MTD Products purchased the Cub Cadet brand from International Harvester IH. Cub Cadet was held as a wholly owned subsidiary for many years following this acquisition, which allowed them to operate independently. In recent years, MTD has taken a more aggressive role and integrated Cub Cadet into its other lines of outdoor power equipment.

In 2008, the MTD brands included Cub Cadet, Cub Cadet Commercial, Cub Cadet Yanmar, Troy-Bilt Troy Bilt, White Outdoor, Yard Man, Yard Machines, Bolens, Arnold, GardenWay, MTD Pro and MTD Gold. MTD products can be found in a variety of large retailers such as home improvement

stores; Lowes, Home Depot, Walmart. And in hardware stores, mass retailers, independent dealers and farm supply stores.

MTD manufactures a wide variety of their walk behind lawn mowers, riding lawnmowers, zero turn mowers, lawn tractors, and garden tractors for third party retailers, under the retailers private label. Some of these retailers are:

YARDMACHINES, YARD MAN, MID-STATES DISTRIBUTING, BLAIN, PRICE COSTCO, SAM'S WHOLESALE CLUB, GOLD SERIES - TRUE VALUE, CHASE PTIKIN, HOME DEPOT, TRACTOR SUPPLY - HUSKEE and HUSKEE SUPREME, WAL-MART - YARD-MAN, LOWES, BOLENS, MTD PRO, SEARS, YARD MACHINES, YARD-MAN, and many more. Ref. GSS-1441-2, GSS1441, GSS1441-2
